SUPPLEMENTAL AMENDMENT

Sir:

Supplemental to the Amendment of March 16, 2006, please amend the above-identified patent application as follows:

IN THE ABSTRACT

Rewrite the Abstract as follows:

--- [a] An all-surface vehicle comprising a pair of large inflatable tubes mounted on a common axis with sufficient buoyancy to enable [said] the vehicle to travel on water and having a motor [means] for independently driving each of [said] the tubes, together with a passenger or load carrying compartment; [said] the motor and compartment being mounted with their center of gravity below the axis of [said] the tubes. —

IN THE CLAIMS

Claim 12, line 5, change "gravity" to --- gravity ---.

REMARKS

In the Office Action of May 16, 2006, the Examiner noted that Applicant had failed to address the objections to the abstract and Claim 12. Accordingly, these omissions are hereby corrected and the Examiner is requested to allow the application and to pass the case to issue.

Respectfully Submitted,

Robert M. Sperry

Robert M. Sperry, Esq.
Attorney for Applicant
